

2011-2012 Grant Winners

Campus	Grades	Recipient	Amount Awarded	Grant Title	Description
CHS	9th-12th	Sue Wishard	\$1,559.94	2 Dell Computers	The Special Education English class was able to purchase 2 Dell computers to provide a greater opportunity for higher learning.
CHS	9th	Dale Lamb	\$563.00	Soaring Through the Clouds	An iPad2 will allow the World Geography students to reach new heights with unlimited learning materials.
CHS	9th-12th	Janet Simpson	\$2,000.00	MacBook Pro	With their new MacBook Pro, the Videography, Cinematography and Journalism classes will produce and edit publications they otherwise would not have the means to complete.
CHS	9th	Dale Lamb	\$299.00	21st Century Student	The new MimioPad purchased for the World Geography-Pre-Ap class will allow the teacher to freely move about the classroom and engage students while managing the interactive lesson material.
CHS	9th	Blair McDavid, Steve James, Dale Lamb, Jennifer Borrer	\$279.80	Candy Board	Wireless keyboards allow the AP Government, US History, World Geography classes more flexibility and mobility.
CHS	10th-12th	Bruce Jonason, Cody Dugat	\$2,000.00	Metal Fabrications	The Metal Fabrications class is constantly evolving which requires the purchase of new and updated manufacturing and agricultural equipment. With this grant, the instructor was able to purchase equipment necessary to stay current in this area of study.
CHS	9th-12th	Marcie Thomas	\$750.00	Inspiring Math with TI-Nspire	The high school math department purchased seven TI-Nspire calculators. These calculators' innovative capabilities support teaching strategies that research has found accelerate understanding of complex mathematics and scientific concepts.
CHS	10th	Amy Citzler, Jay Aleman, Shannon Crisp	\$1,899.00	English	The 10th grade English class will benefit greatly from the MimioVote set that will enable the teacher to track their progress through instant feedback or over periods of time. These assessment tools can be teacher-led or self-paced testing, allowing for much greater flexibility depending on the students' needs.

Campus	Grades	Recipient	Amount Awarded	Grant Title	Description
CMS	6th-8th	Veronica Brotherton, Katie Yaklin	\$2,000.00	eBooks	Online books enable multiple students to learn from the same material at the same time, eliminating the need to store excessive resources. These online books will benefit the Reading, Science, Social Studies, and Writing classes.
Magee Elementary	K-5th	Jerry Pavelka	\$1,102.99	Leap Pad Explorers	Digital E-Readers are a great educational solution to aid in students with dyslexia reaching their potential. Students not only learn but they get to have fun while learning. These devices can be personalized to each student, making a much more versatile classroom.
East Elementary	3rd	3rd grade teachers	\$570.00	Third Grade (Recycling)	The 3rd grade students will be learning the importance of recycling and take part in the efforts of saving our planet. Materials and supplies will be purchased to allow the students to coordinate their recycling efforts with those put forth by the city.
Wood River Elementary	3rd	Melissa Bauer	\$1,899.00	Easy Check	The 3rd grade Math, Science, and Social Studies students will be tracked through daily and long term TEKS assessments with the MimioVotes the instructors were able to purchase. Assessments can be self-paced or teacher-led, allowing for additional flexibility with each student and classroom.
Wood River Elementary	1st-3rd	Michelle Kautz	\$2,352.00	Operation iPad2	Four iPad2 tablets were purchased for use in the reading lab at Wood River Elementary. The tablets allow for unlimited reading resources that would not be possible otherwise.
Wood River Elementary	K	Edith Crawford	\$744.28	Reading/Storytime	Young readers cover a wide range of skill levels. The purchase of an iPad2 and two sets of leveled readers will enable each student to reinforce their reading skills, at their individualized levels. This promotes confidence in the reader and flexibility for the instructors. Students can learn in small groups and individually.
Wood River Elementary	K	Wanda Clopton	\$659.65	Practice Makes Perfect with Books to Read	Variety is important when it comes to young readers. This collection of sets of leveled readers will be used in conjunction with the technology purchased through other grant recipients.
Wood River Elementary	K	Dayla Hearon	\$694.98	Storytime	Young students love to listen to stories. The iPad2 tablet, cassette to USB story converter, and headphones with a splitter device, allow for multiple students to listen to the same story while not disturbing other students. The cassette to USB converter also allows for out of date technology to find new life in our young readers.
Wood River Elementary	1st	Lindsey Mahany, Mary Markos	\$1,899.00	Every Child Votes for Success!	
		Total Awarded:	\$21,272.64
